Re: **The New Engineering** (Eugene F. Adiutori)

Dear Sir,

I short time ago the editorial office of Chemical Engineering Science received a copy of the book **The New Engineering** by Eugene F. Adiutori for review. Unfortunately, our review editor does not feel that the book is suitable for review in this journal and has declined to review it.

I wish to thank you sincerely for your interest in Chemical Engineering Science and I return herewith a copy of the book.

With best wishes,
